1.2 ORGANIZATION

The Village of Waterloo operates under the Village Board (Governing Body) which consists of five (5) members, including a Chairperson and four Trustees. Any person who is a citizen of the United States, a resident of the Municipality and a registered voter may be eligible to be elected to the Board of Trustees. Every elected Trustee is in office for a term of four years. The Village Chairperson is selected at the first regular meeting of the Board of Trustees in December from its own membership. At this time, the Board also assigns each Trustee responsibility for one or more Village Departments and/or functions.

Departments, Boards and functions regulated by the Board of Trustees include the Planning Board, the Park & Tree Board, the Fire Department, the Police Department, the Maintenance Department, the Library, and the Water & Sewer Department.

Planning Board: The Waterloo Planning Board consists of five members appointed by the Chairman and approved by the Board of Trustees, who serve without compensation and are required to hold a minimum of one regular meeting in each calendar quarter. The Planning Board is responsible for adopting plans for the physical development of the Village. It is their job to ensure that public and private lands ultimately are used for the purposes which are most appropriate and most beneficial from the standpoint of the Village. This Board may not take any action on its own without approval from the Board of Trustees. They make recommendations to the Board of Trustees regarding development and zoning.

Park and Tree Board: The Park and Tree Board shall consist of five members appointed and approved by the Board of Trustees. This Board meets on an as need basis or as directed by the Board of Trustees. Their main responsibility is the management, use and operation of all parks and recreational facilities that belong to the Village.

Such an agreement provides for mutual aid, protection, and a sharing of expenses between the Village and the Rural Fire Department. The Waterloo Fire & Rescue Department is authorized to have up to forty (40) volunteer members, including firefighters, EMTs and paramedics.

Police Department: The Waterloo Police Department consists of a Police Chief and any number of part time and full-time officers as approved by the Board of Trustees. Every Village Police Officer has the power and authority to enforce the laws of the State and the Municipality. The Police Chief, subject to the direction of the Board of Trustees, has control and management of all matters relating to the Police Department.

Village Library: The Village owns and manages the Agnes Robinson Waterloo Library through the Library Board. The Library Board sets general rules and penalties for damages to Library grounds, rooms, books, or other property, or for failure to return books. All actions by the Library Board are under the supervision of the Governing Body.

The Governing Body has the power and authority to appoint the librarian and to hire other employees as they deem necessary. They may also establish other rules and regulations for the Library as may be needed for an efficient operation.

3.1 AFFIRMATIVE ACTION/EQUAL EMPLOYMENT OPPORTUNITY

The Village of Waterloo is an Equal Opportunity Employer, and is committed to providing equal employment opportunity to all qualified employees with respect to initial appointment, advancement, transfers, compensation, training, benefits and general working conditions, and to prohibit discrimination in employment because of race, age, gender, sexual orientation, color, religious belief, national origin, marital status, military status, or disability. (Except where specific age, gender, or physical requirements constitute a bona fide occupational qualification necessary to proper and efficient administration.)

The rules and regulations provide for appeals to the Village Board of Trustees in cases of alleged discrimination, whose determination shall be binding upon a finding of discrimination.

The Village of Waterloo further recognizes that the effective application of a policy of equal opportunity in employment involves more than a policy statement. It will, therefore, undertake a progressive program of affirmative and positive action. The full intent and spirit of federal employment opportunities are provided on the basis of individual qualifications, and all persons are encouraged to seek employment with the Village of Waterloo, and to strive for advancement on this basis.

The Village Administrator is designated as the Affirmative Action Manager for the Village to ensure that the equal employment opportunity policies are followed.

3.2 CODE OF ETHICS FOR GOVERNMENTS

Public employees and public officials should not have any interest, financial or otherwise, direct or indirect, or engage in any business, transaction, or professional activity or incur any obligation of any nature which is in conflict with the proper discharge of his/her duties in the public interest.

An employee shall not use or attempt to use his/her official position to secure unwarranted privileges or exceptions for himself or others.

Employees and public officials will conduct themselves so as not to give reasonable basis for the impression that any person can improperly influence them in the performance of their official duties, or that they are improperly affected by the rank, kinship, position or influence of any party or person. This shall not prohibit political activity allowed by law except during office hours or when otherwise engaged in the performance of his/her duties.

Employees shall not accept gifts, services, concessions or loans from any person or company doing business with the Village. Employees shall refuse or return all gifts not related to specific job requirements.

3.3 CONFLICT OF INTEREST POLICY

No public employee or public official shall engage in any activity or enterprise which conflicts with their duties as a Village employee or with the duties, functions and responsibilities of the department in which employed.

No employee of the Village or public official shall have any financial interests in the profits of any contract, service or other work performed by the Village or shall personally profit directly or indirectly for any contract, purchase, sale, or service between the Village and any person or company; or personally or as an agent provide any surety, bail, or bond required by law or subject to the approval of the Village Board.

If a Public Official or employee discloses a potential conflict of interest under Section 49-1499 of the Accountability Act, they must complete the **Nebraska Accountability and Disclosure Commission Form C-2, Potential Conflict of Interest Statement**, and submit the completed form to the Village Administrator.

3.4 DRUG FREE WORK PLACE

The Village of Waterloo has a vital interest in maintaining safe and efficient working conditions for its employees. Being impaired as a result of the use of drugs or alcohol may pose serious safety and health risks not only to the user but to all employees who work with the user. The possession, use or sale of an illegal drug or alcohol in the work place poses unacceptable risks for safe and efficient operations.

Therefore, it is the policy of the Village of Waterloo that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance in the Village workplace is prohibited. All employees violating this policy will be subject to discipline up to and including termination.

The Village of Waterloo Drug-Free Workplace Policy states the following:

- Any employee who uses or gives or in any way transfers a controlled substance to another person or sells or manufactures a controlled substance while on the job on the Village premises will be subject to discipline up to and including termination.
- The term “controlled substance” means any drug listed in 21 U.S.C. Section 812 and other federal regulations. Generally, these are drugs which have a high potential for abuse. Such drugs include, but are not limited to Heroin, Marijuana, Cocaine, PCP and Crack. They also include legal drugs which may or may not be prescribed by a licensed physician.

- Each employee is required by law to inform the Village within five (5) days after he/she is convicted for a violation that occurred on the Village's premises. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any federal or state court.
- The Village of Waterloo, as required by the Drug-Free Workplace Act of 1988, must notify the U.S. Government Agency with which any contacts have been

made within ten (10) days after receiving notice from the employee or otherwise receives actual notice of such a conviction.

- If an employee is convicted of violating any criminal drug statute while at the workplace, he/she will be subject to discipline up to and including termination. Alternatively, the Village may require the employee to successfully finish a drug abuse program sponsored by an approved private or government institution.
- No employee may report to work, remain on duty, or drive or operate a Village vehicle or machine while under the influence. Under the influence is defined as being unable to perform work in a safe and productive manner, being in a physical or mental condition which creates a risk to the safety of the individual, other employees, the public or Village property; and/or having any detectable level of illegal drugs in the body or blood/alcohol in excess of .05 percent. Excluded are prescribed drugs when used in the manner, combination and quantity as prescribed unless job performance could be affected. Any employee who must use an over-the-counter or a prescription drug that may affect their ability to perform work in a safe and productive manner must notify their Department Head prior to starting work. The Department Head, with the advice of the Board of Trustees will decide if the employee can remain at work and what work restrictions, if any, are necessary.
- A pre-employment drug screening may be required of Village applicants. The Village may also require an unscheduled screening of Village employees if there is reasonable suspicion that the employee may be drug involved, following a work place accident or unsafe practices.

3.5 EMERGENCY CLOSING POLICY

The Emergency Closing Policy is designed to protect the safety and welfare of the employees of the Village of Waterloo, yet provide enough staffing in essential departments to meet the needs of the residents of Waterloo.

West Community School District cancels school or closes early due to a weather emergency, non-essential personnel (defined below) are not required to report to work and/or are authorized to close their office and leave early. Employees will not be paid for time missed due to an emergency closing, but may request to use vacation hours for time missed.

Essential personnel (as defined below) are required to report to work during an emergency closing. If they are unable to do so because of travel or other conditions they must contact their Department Head or member of the Board of Trustees to report their absence. Essential personnel are expected to plan ahead for these emergencies and extend every effort to make it to work and keep essential operations open.

3.6 EMPLOYMENT OF IMMEDIATE FAMILY MEMBERS

In most cases, members of the same family should not be employed in the same department or allowed to supervise the work of the other, nor should members of the immediate family of an elected official of the Village be eligible for Village employment during the term of said elected official.

While employment of immediate family members shall be discouraged, it is not always preventable in a small town or village due to a limited population of potential elected officials and/or employees.

Public officials or employees employing, recommending employment, or supervising the employment of an immediate family member must disclose the employment by completing the **Nebraska Accountability and Disclosure Commission Form C-4, Employment of Immediate Family Members Disclosure Statement** and submit the completed form to the Village Administrator.

3.7 OUTSIDE EMPLOYMENT POLICY

Employees of the Village may work other jobs if there is no conflict with assigned working hours, the work efficiency of the employee is not reduced and there is no conflict with the interests of the Village. Whenever extra hours are necessary at the Village job, such extra duty shall take precedence over outside employment.

3.8 PERSONAL PROPERTY

Village employees are responsible for their own personal property and it is best that valuables are left at home. The Village does not cover loss of personal property under any circumstances. Theft or disappearance of personal property should be reported to the Department Head immediately. Any unauthorized personnel or strangers in the office or on job sites should also be reported to the Department Head immediately.

The Village of Waterloo shall periodically conduct safety inspections of the work site to detect hazardous areas or practices for correction as appropriate. The Village of Waterloo shall post the location of all exits from the work place and emergency procedures.

Employees shall obey all safety rules, wear protective clothing and equipment as required, and keep the work place neat and clean.

A Safety Committee consisting of all Department Heads and one Elected Official shall be charged with the responsibility to maintain and update the Village Safety Policy; to

review work environments; to review accidents that involve Village employees and/or equipment; and to conduct periodic safety inspections of all work areas.

Employees shall report all accidents and injuries to the Department Head as soon as possible. Minor injuries requiring only first aid may be treated at the work site. Employees incapacitated by serious injury shall be transported to a medical facility by an emergency vehicle. The Department Head shall be responsible for the filing of an accident-injury report by the employee with the Village Administrator within twenty-four (24) hours of the incident.

3.10 WORKPLACE HARASSMENT POLICY

It is the intent of the Village of Waterloo to provide a work environment that is free from discrimination, harassment and retaliation. Harassment in the workplace on the part of any employee or elected official is prohibited and any employee found to have engaged in harassment will be subject to disciplinary action including termination.

A. Sexual Harassment

Sexual harassment is a form of misconduct which interferes with work productivity and wrongfully deprives employees of the opportunity to work in an environment free from unsolicited and unwelcome sexual overtones. Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, sexual comments, and other such verbal or physical misconduct. Sexual harassment is a prohibited practice and is in violation of the law.

The U.S. Equal Employment Opportunity Commission has issued guidelines interpreting Section 703 of Title VII as prohibiting sexual harassment. Sexual harassment is defined in those guidelines as follows:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical misconduct of a sexual nature constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

It shall be a violation of Village of Waterloo policy to harass another employee sexually, or to permit the sexual harassment of an employee by another employee, or by a non-employee. Sexual harassment may take many forms, including, but not limited to:

1. Verbal harassment or abuse;
2. Subtle pressure or requests for sexual activity;
3. Unnecessary touching of an individual; e.g., patting, pinching, hugging, repeated brushing against another person's body;

4. Requesting or demanding sexual favors accompanied by implied or overt threats concerning an individual's employment status; or
5. Requesting or demanding sexual favors accompanied by implied or overt promise of preferential treatment with regard to an individual's employment status.

B. Bullying

Bullying may be intentional or unintentional. However, it must be noted that where an allegation of bullying is made, the intention of the alleged bully is irrelevant, and will not be given consideration when meting out discipline. As in sexual harassment, it is the effect of the behavior upon the individual which is important. The Village of Waterloo considers the following types of behavior as examples of bullying:

- Verbal Bullying: slandering, ridiculing or maligning a person or his/her family; persistent name calling which is hurtful, insulting or humiliating; using a person as butt of jokes; abusive and offensive remarks
- Physical Bullying: pushing; shoving; kicking; poking; tripping; assault or threat of physical assault; damage to a person's work area or property
- Gesture Bullying: non-verbal threatening gestures, glances which can convey threatening messages
- Exclusion: socially or physically excluding or disregarding a person in work-related activities

In addition, the following examples may constitute or contribute to evidence of bullying in the workplace:

- Persistent singling out of one person

- Shouting, raising voice at an individual in public and/or in private
- Using verbal or obscene gestures
- Not allowing the person to speak or express him/herself (i.e. ignoring or interrupting)

- Constant criticism on matters unrelated or minimally related to the person's job performance or description
- Ignoring/Interrupting an individual at meetings

- Inflicting menial tasks not in keeping with the normal responsibilities of the job
- Taking credit for another person's ideas
- Refusing reasonable requests for leave in absence of work-related reasons not to grant leave
- Deliberately excluding an individual or isolating them from work-related activities (meetings, etc.)
- Unwanted physical contact, physical abuse or threats of abuse to an individual or an individual's property (defacing or marking up property)

C. REPORTING PROCEDURE

If an individual should feel that he/she has been discriminated against, harassed or bullied they should be able to report so without the fear of retaliation.

To report such actions, please follow the procedure listed in Section X: Grievances

3.11 SOLICITATION POLICY

Employees are expressly prohibited from engaging in solicitation of money, memberships, or any other matter during the work hours and workplace of the employee doing the soliciting or during the work hours and workplace of the employee being solicited. Employees may not distribute literature or printed material of any kind in working areas at any time. The Public is prohibited from distributing material or soliciting employees on Village premises at any time.

3.12 USE OF VILLAGE PROPERTY

Employees shall be responsible for the proper use and care of Village property issued to them for the performance of their duties. No employee shall use or permit the use of

No office work on behalf of the Village shall be done from home or other non-Village premises without first obtaining the approval of the Trustee in charge of the particular department. No Village files or records shall be removed from Village offices. Any off-premise errands to be done before punching in must be preapproved by the department trustee.

3.14 PURCHASING POLICY

This policy is applicable to all Village employees, agents or trustees. All supplies of a general nature will be ordered through the Clerks' Office. (Specific instructions can be found at the back of this manual.)

Any single purchase over \$150.00 shall receive written approval by the Trustee in charge of the particular department; or in the case of a purchase by a Trustee, by the Chairman. Single purchases over \$500.00 shall first be approved by the Board of Trustees, with supporting documentation. (Meeting minutes or Resolution). No purchases on the Village account shall be made for items of a non-official nature.

3.15 VILLAGE FUEL POLICY

Those fueling vehicles or tanks for Village business shall record the date, odometer reading, the amount of fuel pumped and the name of the individual fueling. Fueling records shall be reported to the Village Administrator each week.

3.16 INTERNET AND EMAIL POLICY

The purpose of this policy is to provide guidelines regarding the use of the internet and

email services by employees of the Village of Waterloo who are authorized for such uses by the Village. These services are financed by the Village of Waterloo to support the access and exchange of information. Use of the internet and email shall be primarily for job-related purposes. Time away from regular work duties shall not be taken to either send or receive personal email or for personal use of the internet. There may be occasions when personal messages may either be received or sent on email. This is permissible as long as messages are brief, privileges are not abused, and it does not affect the job performance of the employee or their co-workers. Employees using the Village's account to access these services represent the Village during their use, and such use shall reflect ethical behavior and appropriate use of Village resources.

A. ACCEPTABLE USES:

Village Business: The internet and email are to be used as they pertain to the employee's job including work assignments and services.

Communications with Co-Workers, Outside Entities: Email may be used to communicate with Village employees, governments, educational institutions, professional colleagues or organizations, businesses, and other individuals or agencies related to the employee's job assignments and duties.

B. UNACCEPTABLE USES:

Personal use: No employee shall use the internet or email services for personal use except in the case of necessity provided messages are brief, privileges are not abused, and it does not affect the job performance of the employee or their coworkers.

Personal use is any use that is not related to an employee's job assignments and duties.

Workplace harassment: No employee shall use the internet or email services to obtain or transmit text or images that are in violation of the workplace harassment policy of the Village. In addition, no employee shall use the internet or email services of the Village in reply to inquiries of Village policy without prior consent of the Board.

Profanity: No employee shall use the internet or email services to generate, store, transmit or use text, images, or data that is abusive, profane, obscene or offensive.

The internet and email systems, as well as all communication or information transmitted or received from these systems, is the property of the Village of Waterloo. The Village reserves the right, and intends to exercise the right to review, audit, and disclose, without prior notification to employees, any and all messages and data created or received via on-line services. Employees who use the email and internet systems cannot assume the systems afford them any level of confidentiality or privacy. Employees found to have engaged in unauthorized uses of this policy are subject to the Village's progressive discipline policy as found in Section VIII.

Employees must respect the confidentiality of other people's electronic communications and may not attempt to read, access other employee's communications, or breach computer or network security measures, or monitor electronic files or communication of other employees or third parties except by explicit

direction of the Board in investigating unauthorized use under this policy.

3.17 TELEPHONE USE POLICY

The Village's telephones, Village-issued cellular phones, and Village-reimbursed cellular phones are for conducting necessary business of the Village. Long distance calls in any department may be made only for official Village business. Local personal telephone calls by an employee are permitted. However, use to the point of interference with the performance of job duties may result in progressive discipline as provided in Section VIII.

Cellular phones have become a common convenience to many employees. However, such convenience should not interrupt your work for the Village. Therefore, except in emergency situations, employees are not to make or receive calls on their cell phones during working time. You, of course, may use your cell phones during breaks and lunch periods.

In addition, use of a cell phone while driving is dangerous and specifically prohibited while on working time. You are also prohibited from using a cell phone at any time while driving a Village vehicle. If you must make an emergency call while driving, you should normally pull to the side of the road and stop before making the call.

If the employee is provided with a cellular telephone, said employee is expected to keep the phone on at all times for Village personnel calls.

The Village recognizes that work-related activities and situations, such as the necessity to work unanticipated overtime or family emergencies, may require the use of the Village cellular phone by an employee for personal business. Employees should keep such personal calls brief and to the point.

Excessive use of a personal cellular phone for personal business during work hours is also a violation of this policy.

Employee Guidelines for Participating in Social Networking

The Village of Waterloo understands that social networking and Internet services have become a common form of communication in the workplace and among stakeholders and citizens. Social networks are online communities of people or organizations that share interests and/or activities and use a wide variety of Internet technology to make the interaction a rich and robust experience. Employees that choose to participate in social networks while a Village employee should adhere to the following guidelines:

(a) Village policies, rules, regulations and standards of conduct apply to employees that engage in social networking activities while conducting Village business. Use of your Village e-mail address and communicating in your official capacity will constitute conducting Village business.

(b) Employees who participate in social media outlets on or off-duty are subject

to the same standards for such communications as set forth elsewhere in this Manual.

(c) Although minimal personal computer usage is allowed during the work day under article 3.16, participating in non work-related social media outlets while on duty impacts productivity and causes performance issues and therefore is prohibited.

(d) Village employees shall notify the Board, supervising Department Head, and the Village Clerk if they intend to create a social networking site or service to conduct Village business.

(e) Departments have the option of allowing employees to participate in existing social networking sites as part of their job duties. Department Heads may allow or disallow employee participation in any social networking activities in their Departments.

(f) Confidential or proprietary information or similar information of third parties who have shared such information with the Village of Waterloo should not be shared on social media outlets.

(g) Employees shall follow all copyright laws, public records laws, retention laws, fair use and financial disclosure laws and any other laws that might apply to the Village or their Department.

(h) Employees shall not cite vendors, suppliers, clients, citizens, co-workers, or other stakeholders without their approval.

(i) When participating in social networking sites not related to Village business, an employee shall make it clear that they are not speaking on behalf of the Village of Waterloo but speaking in their capacity as a private citizen. If an employee publishes content on any website outside of the Village of Waterloo and it has something to do with the employee's employment at the Village or subjects associated with the Village, the employee shall use a disclaimer such as: "The postings on this site are my own and don't necessarily represent the Village's positions or opinions." It should be noted however that a disclaimer will not prevent an employee from being disciplined if their communication has the effect of violating any Village policy.

(j) Employees shall not use ethnic slurs, profanity, personal insults, or engage in any conduct that would not be acceptable in the Village's workplace. Employees shall further not use social media in violation of Village's workplace harassment policy found at article 3.10.

(k) If an employee identifies one's self as a Village employee, the employee shall ensure that their profile and related content is consistent with Village of Waterloo performance and conduct standards regarding how to present one's self to colleagues, citizens, and other stakeholders.

(l) When speaking on behalf of the Village, employee comments should add value to the Village of Waterloo and interaction should provide worthwhile information and perspective.

(m) While the Village of Waterloo encourages its employees to enjoy and make good use of their off-duty time, Village employees may be subject to discipline if their activities on or off duty have the effect of disrupting the functioning or efficiency of the workplace. Activities which are considered disruptive include, but are not limited to, harassing, demeaning, or creating a hostile working environment for any official or employee; disrupting the smooth and orderly flow of work within the Village; or

disrupting working relationships. In addition, employees are subject to discipline for inappropriate activities, on or off duty, if they are acting pursuant to their official duties, or if they engage in inappropriate conduct or speech on private employment matters.

(n) Violations of these employee guidelines shall subject employee to the Village's progressive disciplinary policy found in Section VIII.

VIII DISCIPLINARY POLICIES

8.1 PURPOSE

The Village does not feel that discipline should be used to punish employees, but rather to provide a framework to correct and/or improve employee performance; to reposition an employee to a more fitting position; or to remove the employee from Village employment when conditions are warranted.

Employee discipline may be initiated for various reasons including, but not limited to, violations of work rules or substandard job performance. Disciplinary action will depend on the nature of the offense and the circumstances surrounding a violation, and may take the form of a verbal warning, written warning, or termination.

This policy is not a guarantee that any particular disciplinary procedure will or must be followed prior to disciplinary action or discharge. The method of discipline will generally depend on the circumstances surrounding each transgression, the seriousness of the infraction, the effect on overall operations and the employee's previous work record. This means that the Village of Waterloo is not required to follow any particular steps regarding disciplinary action.

Any written warnings are documented and placed in the employee's personnel file.

8.2 MINOR/MAJOR INFRACTIONS/VIOLATIONS

Reasonable work rules are necessary to maintain an organized work environment and to ensure the efficient operation of the Village of Waterloo.

Recommendations to terminate an employee must be approved by the employee's immediate supervisor and/or Department Head and the Board of Trustees.

8.4 PROGRESSIVE DISCIPLINE

The Village's general policy is one of progressive discipline, and encompasses varying forms of disciplinary action. The form of discipline used is based upon the circumstances and seriousness of the infraction.

1. Verbal reprimands will generally be the first step in progressive discipline for incidents that are not gross violations of policy.
2. Formal disciplinary actions consist of written reprimands, suspensions, demotions and/or termination. Any of these forms of discipline may be used for first offenses if the offense is of such serious nature as to threaten the health or safety of citizens or employees or to discredit the Village Governing Body or Village Department. These forms of disciplinary action may also be used for repeat minor violations.
3. Minor violations are those that do not affect the safety of citizens or employees, but are considered by the supervisor or Department Head to be an impediment to the operation of the Department or Village.

4. Major violations are those that are illegal, immoral, unethical, indecent, dishonest and disgraceful or demonstrate any other conduct that may reasonably be expected to affect the confidence of the public in Village Government; or that provide an immediate or potential threat to the safety of the community and/or

employees; or are substantial impediments to the operation of the Department or Village.

5. All disciplinary actions require the exercise of responsible judgment so that an employee will not be penalized out of proportion to the offense. Disciplinary action shall be taken only after it has been determined that a less severe penalty is inadequate.
6. Minor infraction guidelines:
 - First Offense: Verbal or written reprimand
 - Second Offense: Written reprimand to a 3-day suspension.
 - Third Offense: 5-day suspension to termination
7. Major infraction guidelines:
 - First Offense: 5-day suspension to termination
 - Second Offense: 15-day suspension to termination
