REDEVELOPMENT PROJECT PLAN THREE

Community Development Authority of the Village of Waterloo (the "Authority")

On December 8, 2008, the village board of the Village of Waterloo approved the Property Unlimited L.L.C. Redevelopment Plan (the "Redevelopment Plan"), which provides for the redevelopment of vacant, deteriorated property into a commercial center. The Redevelopment Plan provides for the use of the excess *ad valorem* real property taxes generated by such redevelopment to assist in offsetting certain project costs. The Authority and the Redeveloper further entered into a Redevelopment Contract and subsequent amendment.

Two phases of the approved Redevelopment Project have been constructed consisting of several commercial units and the public infrastructure serving the entire Redevelopment Plan Area. These two prior phases have been designated to be subject to the division of excess *ad valorem* real property taxes (the "TIF") pursuant to § 18-2147 Reissue Revised Statutes of Nebraska. The Redevelopment Plan provides that as each unit (condominium unit) within the Redevelopment Plan Area develops, a subsequent modification shall be approved at the time the new units are to be constructed. Each subsequent redevelopment project site (as new units are constructed) will cause a new "effective date" to be determined by contract for each such plan modification. Such subsequent "effective date" shall apply only to each new unit being developed pursuant to that modification.

Pursuant to § 18-2117 R.R.S., this project plan modifies the Redevelopment Plan by adding an additional redevelopment site described on Exhibit "A", attached hereto and made part hereof. The excess *ad valorem* real property taxes generated from each redevelopment site may be utilized to assist with the cost of public improvements, demolition, site preparation, site improvements (excluding building construction), platting, land assembly and all soft costs associated with these activities in connection with the Redevelopment Plan. The excess *ad valorem* taxes from the construction of the proposed commercial units will be computed from the project generated real property taxes over the real property base tax value assessed on this site for the year prior to the effective date determined by subsequent redevelopment agreement to

initiate this TIF provision. This modification anticipates the allocation of excess *ad valorem* real property taxes for a period of up to 15 years (from this additional redevelopment site) to help finance eligible costs in connection with the Redevelopment Plan by providing additional funds for the retirement of the additional Redevelopment Note in the principal amount of \$150,000.

This modification of the Redevelopment Plan does not substantially change, and is consistent with, the provisions the Redevelopment Plan; and, is hereby approved by the village board acting as the Community Development Authority of the Village of Waterloo, Nebraska, on the date herein-below.
