HARVEST HEIGHTS REDEVELOPMENT PLAN, PROJECT SEVEN

Community Redevelopment Authority of the Village of Waterloo (the "Authority")

On June 11, 2019, the village board of the Village of Waterloo approved the Harvest Heights Redevelopment Plan (the "Redevelopment Plan"), which provides for the redevelopment of vacant property into a residential subdivision. The Redevelopment Plan provides for the use of the excess *ad valorem* real property taxes generated by such redevelopment to assist in offsetting certain project costs. The Authority and the Redeveloper further entered into a Redevelopment Contract.

The Redevelopment Plan provides that as each lot within the Redevelopment Plan Area develops, a subsequent modification shall be approved by the Authority at the time the new structures are to be constructed. Each subsequent redevelopment project site (as new structures are constructed) will cause a new "effective date" to be determined by contract for each such plan modification. Such subsequent "effective date" shall apply only to each new structure being developed pursuant to that modification.

Pursuant to § 18-2117 R.R.S., this project plan modifies the Redevelopment Plan by adding an additional redevelopment site described as follows:

Lot 18 of Harvest Heights of Waterloo in the Village of Waterloo, Nebraska, as surveyed, platted and recorded in Douglas County, Nebraska. (23811 Harvest Heights Circle, Waterloo NE)

The excess *ad valorem* real property taxes generated from each redevelopment site may be utilized to assist with the cost of public improvements, demolition, site preparation, site improvements (excluding building construction), platting, land assembly and all soft costs associated with these activities in connection with the Redevelopment Plan. The excess *ad valorem* taxes from the construction of the proposed redevelopment (a 24-unit apartment complex) will be computed from the project generated real property taxes over the real property base tax value assessed on this site for the year prior to the effective date determined by subsequent redevelopment agreement to initiate this TIF provision. This modification anticipates the allocation of excess *ad valorem* real property taxes for a period of up to 15 years (from this additional redevelopment site) to help finance eligible costs in connection with the Redevelopment

Plan by providing additional funds for the retirement of the additional Redevelopment Note in the principal amount of \$825,000.00

This modification of the Redevelopment Plan does not substantially change, and is consistent with, the provisions the Redevelopment Plan; and, is hereby approved by the village board acting as the Community Redevelopment Authority of the Village of Waterloo, Nebraska, on the date below-written.

Executed this 13 day of September, 2022.
